

# Biwa-Ko Easy Wash

## K-Supply

The K-Supply Biwa-Ko Easy Wash is an easy-to-use and cost-effective cleaning system for all printing presses. Combining an aluminum tray and disposable liners, the Biwa-Ko Easy Wash enables printers to clean their equipment efficiently and quicker than ever before.

Decrease downtime by eliminating the need for scrubbing colours after each printing job. Remove and dispose the used liner, install a new one within the aluminum tray and it is ready to go. The Biwa-Ko Easy Wash enables time-savings up to 30 minutes on 5-colour printing presses per week.

### Benefits

- Measurable time-savings, up to 30 minutes.
- Reduces downtime and increases productivity, up to 30 minutes per week.
- Environmentally conscious: less amount of chemical solvents needed, due to less cleaning.
- Improves the working environment. Less cleaning cloth required.
