

MRC Blue

K-Supply

K-Supply MRC Blue is a product for successfully cleaning dampening metering rollers on sheetfed and web offset printing presses. This product has been tested and adjusted to be proven safe and highly effective for all printing presses through several testing phases at the Komori Graphic Center-Europe.

Benefits

- High solvent power.
- Free of aromatic compounds.
- Easy to use.
- Water soluble.

Directions

Rollers should be cleaned by hand, using a cleaning cloth soaked in K-Supply MRC Blue. Rubber protective gloves should be used when using MRC Blue. This product is developed exclusively for cleaning dampening metering rollers. Contact with machine parts should be avoided at all times. MRC Blue is not suitable for metallic inks containing aluminium.
