

Paraffin Chain Oil H1

Elkalub

K-Supply

K-Supply Paraffin Chain Oil is highly resistant to ageing and free from resinification. It can be applied in situations where incidental food contact is possible. The oil offers a good protection against corrosion and is well compatible with plastics and sealings. It is compatible with mineral oils and is mainly applied for gears and chains, as circulation oils, as well as for hydraulic and pneumatic systems.

This product has been tested and approved at the Komori Graphic Center-Europe.

Benefits

- For application in the food and drink industry.
- Highly resistant to ageing.
- Free from resinification.
- Good protection against corrosion.
- Compatible with plastics and sealings.
- Compatible with mineral oils.

Directions

For safety measurements, use hand and eye protection and wear protective clothing.

Use according to the viscosity prescriptions of the Komori press.

Specifications

Product name	K-Supply Paraffin Chain Oil H1	
ISO VG	220	
Viscosity at 25°C	632 mm ² /s	DIN 51 562
Viscosity at 40°C	231 mm ² /s	DIN 51 562
Viscosity at 100°C	18,4 mm ² /s	DIN 51 562
SHELL 4 ball pressure 800N/10 min	1500	
H1 registration by NSF	132928	
Packaging	5 Ltr Can 4 x 5 Ltr Can per Box	

 **Directions for Use:**
